Jury delivers quick verdict in Rada trial

By Dan Barber
Staff writer

An all-male white jury deliberated only one hour Tuesday before returning a not guilty verdict in the trial of Mrs. Edith F. Rada charged with the murder in the fatal stabbing of her husband James Rada last July 23.

After hearing the verdict, Mrs. Rada, 57, broke into tears and collapsed into the arms of her attorney William Frisbie. Family members of Mrs. Rada, who had been present in the courtroom during the two day trial which began Monday, came quickly to her side to offer comfort.

Frisbie, who called Mrs. Rada to the stand Tuesday to testify in her own defense, told members of the jury in his closing argument that the state had failed to prove that Mrs. Rada intentionally with malice and forethought took the life of her husband.

The victim died from loss of blood after being stabbed once in the upper left arm by a butcher knife. A coroner's ruling stated that the victim suffered a fatal severance of a major blood vessel causing the victim to bleed to death.

Mrs. Rada testified that she stabbed her husband after she left the kitchen where she had been cutting okra with the knife and entered her husband's bedroom. The defendant said her husband had been drinking before the incident and was using profanity with her.

In a written statement given to Mississippi Highway Patrol investigator Travis Lott, Mrs. Rada said that her husband had slapped her and swung at her with his fist. The defendant, however, said on the stand that she could not remember whether her husband had actually struck her or not and testified that her memory of the night was fuzzy after she went to the bedroom of her husband.

Assistant district attorney John Johnson presented District four constable Sam Pernicario and sheriff's

deputy Robert Tartavouille for the state who both testified that Mrs. Rada was highly upset when they arrived at the Rada home.

Both men testified that Mrs. Rada had to be restrained several times as she suddenly would begin beating on the chests of law officers present exclaiming "Is he dead?" and "The son-of-a-bitch won't slap me anymore."

Pernicario testified that he believed the defendant to be in a state of shock when the officers arrived at the Rada home.

The state contended during the trial that the defendant, Mrs. Rada, was in no physical danger from her husband by her own admission and that examination of the defendant failed to reveal any evidence of physical abuse.

In their closing arguments state attorneys Johnson and Joe Sam Owen instructed the jury that they could also return a manslaughter conviction if they felt that there was not sufficient evidence of malice and forethought.

The state argued that the defendant had failed to prove Mrs. Rada did feloniously commit a crime and that the fact that there was only one wound in the victim's body showed no malice was involved.

As to the state's contention that Mrs. Rada had a convenient memory of events leading up to but not including the actual stabbing, Frisbie said that the human mind was quite capable of repressing painful experiences.

The defendant testified that she and her husband had been married for 37 years and that he had made a good husband.

"I was afraid of him these past five years," Mrs. Rada testified, "but I didn't want to see him put away somewhere. I knew he would just get out and come back home."

Curry gets life sentence for Summer's murder

Bernard, alias "Wildman" Curry, 27, was sentenced to life imprisonment Thursday by Circuit Court Judge J. Ruble Griffin after an all-male white jury found Curry guilty of murder as charged in the robbery slaying of Pearlington grocer Forrest Summers Aug. 31, 1973.

The murder conviction is the first returned by a Hancock County jury in over 10 years, according to Hancock County sheriff Sylvan Ladner.

The jury deliberated 25 minutes before returning the guilty verdict. The jury began its deliberations at 10:55 a.m. Thursday after two and a half days of testimony in the year old murder case.

Curry was one of two black males charged with the shooting death of Summers in the unsuccessful armed robbery. The trial of the second defendant, Alfred Thomas Jr., began Wednesday afternoon. It marks the second trial for Thomas, after the first jury could not reach a verdict during the July term of Hancock County Circuit Court.

District attorney Albert Necaise assisted by assistant DA Joe Sam Owens and Hancock County prosecutor J.P. Comprett represented the state in the proceedings.

Joseph Benvenuti, Bay St. Louis attorney, represented the defendant, Curry.

Testimony during the trial revealed that Curry entered the Summers grocery with the intent of staging a robbery, but fatally wounded Summers, 66, when the victim approached the gunman. Mrs. Summers, an eye-

witness to the shooting holdup, told the court that her husband was hard of hearing.

The two black males reportedly fled in a car after the shooting.

Alfred Thomas Jr., who is accused of driving the getaway car, was arrested later the same day of the shooting in Slidell, La. Curry was not apprehended until Jan. 22, 1974, after he unknowingly hitchhiked a ride to New Orleans with Hancock County sheriff's deputy, Willie Lee.

With Curry's conviction, Lee will be

the benefactor of a \$1,000 reward posted by the Gulf Coast Crime Commission.

During the trial, court-appointed attorney Joseph Benvenuti tried to suppress a statement made by Curry to New Orleans police officers.

With the jury reclusive, Curry said that he gave the confession after being subjected to police brutality.

Judge Griffin admitted the testimony of officers into the record after ruling that he did not believe Curry was the victim of such "heinous acts" by the police.

School bond election fails for second time

Circuit Court clerk Henry Otis Tuesday said results of Saturday's special election on a \$1,365 million bond issue for school construction had been certified.

Otis said the final tally showed 1,043 votes for the bond issue and 802 votes against.

The bond issue thus failed for the second time to muster the three-fifths majority for passage. Voters turned back the bond issue by 19 votes in the first election last June. Although Saturday's voter turnout was higher than the previous election the extra vote apparently did not help passage as the vote was 64 short Saturday.

The bonds were being sought to finance construction of a new high school in the southern sector of the county in the Lakeshore community, additions of classrooms and restrooms at Charles B. Murphy elementary School in Pearlington and a renovated and enlarged cafeteria and new gymnasium at Hancock North Central School.

Heaviest opposition to the bonds were registered in the northern sectors of the county. Voters in Kiln, Miss. voted the bonds down 220 to 43.

The back of the bond issue was broken though when voters in Pearlington, in the southern sector of the county, registered a large vote against the bonds. Pearlington residents voted 242 for the bonds and 92 against.

A complete precinct breakdown follows:

Ansley, 55 for, 4 against; Pearlington, 242 for, 92 against; Arlington, 2 for, 0 against; Lakeshore, 269 for, 14 against; Clermont Harbor, 68 for, 16 against; Flat Top, 7 for, 23 against.

Caesar, 29 for, 101 against; Bayou Philip 31 for, 11 against; Crane Creek, 91 for, 72 against; Standard, 81 for, 66 against; Dedeaux, 65 for, 30 against; Catahoula, 8 for, 54 against; Kiln, 43 for, 220 against.

Fenton, 45 for, 91 against; South Bay, 7 for, 8 against.

Pass employees get pay hikes

Pass Christian aldermen Tuesday unanimously approved a long list of city employee salary increases that included a \$175 month pay hike for Mayor Steve Saucier.

After some discussion as to who would read it into record, Saucier read the list of those receiving raises. Police and fire department officials were among those getting the boost.

The mayor's salary, by virtue of the \$175 month raise, was increased from \$9,300 a year to \$11,400. All increases were made effective Oct. 21.

The board also unanimously agreed to borrow up to \$100,000 at a rate of 6 percent interest for the municipal school system. Leroy Lizana, superintendent of the schools, requested the money because the school system could not otherwise meet its payroll and operating expenses.

Lizana said that the loan would be in anticipation of collected ad valorem taxes, but he added that he expects a slow collection rate because of the tight money situation brought about by inflation. The board stipulated that the loan be retired by March 15.

The aldermen also accepted for the city what one member called "a deal I'd personally like to have", a \$11,475 interest free loan to be paid back in 20 years. The state Air and Water Pollution Control Commission will

supply the money for pollution testing projects in the city.

Alderman Charles Logan was the only dissenting voice in four to one approval of a \$1,000 operating budget for the Chamber of Commerce. Chamber President Russell Ringer had requested the raise because of higher operating costs. In approving the budget, the council rescinded the previous budget of \$30 a month.

In other action the council accepted the low bid of Stirling - Pucket Company and will purchase a Caterpillar D-3 bulldozer for \$21,664 less a \$7,500 trade-in on a motor grader.

The board authorized fire chief George Mixon to use \$21,54 from the special fire fund to pay for damages to the fire truck. When asked why the Eunice, Louisiana-based insurance company that covers the fire department did not pay the entire damage cost, Mixon replied that the company had "looked for every loophole it could find" to avoid paying the total cost.

Finally, the board reappointed radio dispatcher Cynthia Bernard and Madeline Farrell to the Fire department and police department respectively. Both were also affected by the pay hikes.

The resignation of Clara Lee from the police department effective Oct. 2 was also accepted.

Second mistrial is sought for Thomas

By Dan Barber

and David Pierson

Defense attorney Max Mercer appeared on the verge of a successful

motion for a second mistrial Wednesday afternoon, after the state's key witness for the prosecution failed to appear to deliver testimony in the

murder trial of Alfred Thomas.

State's witness, Isaac Oliver, who had been confined to the Picayune jail until Monday as a material witness in the state's case against Thomas, suddenly disappeared again Tuesday.

Oliver had been subpoenaed earlier to testify in the murder trial of Bernard Curry last Tuesday, a companion case of the Thomas trial. When Oliver failed to appear, he was placed under arrest and held in the Picayune jail until Monday.

Oliver supposedly gave statements to authorities following the murder of Forrest Summers last Aug. 31, 1973, that he recognized the defendant Thomas as being in a car with Curry on the day of the robbery slaying of Summers, a Pearlington grocer.

The motion for mistrial was sought by attorney Max Mercer for Thomas after District Attorney Albert Necaise moved to read the witness' prior testimony from the first trial.

It is the second trial for Thomas revolving around the Forrest Summers' slaying. A jury failed to reach a verdict in the state's first trial of Thomas last July.

Mercer contended Wednesday that the state district attorney was trying to hide the witness and vigorously opposed introducing prior testimony of another trial into the record.

Judge Ruble Griffin took the motion

Mercer said that the defense has not been confronted by the witness Oliver and that the jury had a right to see the witness.

Work order issued for Beach road

Hancock supervisors Monday authorized issuance of a work order to Alabama Waterproofing Company of Birmingham to begin construction on the two ends of the beach road.

The decision to call a special session and issue the work order came after the Mississippi State Highway Department advised the county it had received official notice that federal disaster emergency road funds were approved and available.

The contract calls for an expenditure of \$71,484 and involves road construction and rebuilding of the seawall.

The contract between Hancock County and Alabama Waterproofing is being challenged in court by Amco Construction Co. and Amco

president Michael Smith on grounds that the contract was illegally awarded.

Attorneys for Amco have filed briefs last week with Circuit Court Judge Floyd Logan in Gulfport.

Sam Favre, attorney for the supervisors, has until Oct. 25 to file an answer to the plaintiff's briefs.

Amco, with a bid of \$798,087, was the second low bidder on the job.

Favre told supervisors Monday that the suit filed by Amco would not prohibit them from issuing a work order now to Alabama Waterproofing.

Should the court's rule in favor of Amco, Alabama Waterproofing would be compensated by the county for whatever work had been done prior to a court settlement.

Pass Christian Schools

Athletics are up, income is down

Increased public support of Pass High athletic events may make the schools' athletic department self-sustaining this school year, director Bill Stevens told the city school board Oct. 8.

In a progress report on the school district's program Stevens indicated that the program was experiencing one of its most productive and fruitful years. School spirit was high, he said, attributing the major portion of the success to "tremendous support received from the students and the community".

Coach Stevens also praised the Pass Boosters Club, outlining the list of supplies

and equipment purchased for the team by the club.

On a more somber note,

Superintendent Leroy Lizana

told the board that due to poor

delinquent tax sales realized

by the city last month school

district revenues were down.

He said last year at this time the school district had received a substantial portion of its operating budget from the city. Lizana indicated that unless funds are forthcoming soon, it would be necessary to ask the city to borrow funds in anticipation of tax collections.

After hearing the report, the board authorized a resolution to the city administration requesting a \$100,000 loan in anticipation of the collection of ad valorem taxes. Lizana

indicated that he would prefer two separate withdrawals of \$50,000 each.

Lizana stated that he was still hopeful that the funds derived from tax collections would be sufficient to offset the necessity for borrowing the funds.

John Mykolyk, consulting architect, presented a progress report on a projected vehicle shed for school district tractors, the project approved at an earlier meeting.

A motion was passed to advertise for bids to construct the shed, bid opening set for the regular November meeting.

Superintendent Lizana reported that a potentially

Up to eight

Jim Wimbish, Red Cross disaster chairman for Hancock County, paints up to the \$8,000 mark on the county's United Way thermometer for the campaign week of Oct. 13-18. The Red Cross is one of the many agencies that depend on support from the United Way to continue public assistance programs. In Hancock County during the recent hurricane Carmen threat, the Red Cross evacuated, sheltered and fed 7,880 citizens (7,000 at NASA-NSTL alone) at a total cost of \$5,836 to the Red Cross.

NSTL kicks off United Way campaign

The National Space Technology Laboratories (NSTL) located in Hancock County, with employees living all across the Coast and in nearby Louisiana, has launched its Combined Agencies Campaign with an ambitious goal of \$55,000.

Participating in the NSTL campaign are united fund organizations from Hancock, Harrison, South Pearl River Counties in Mississippi, and the Greater New Orleans fund, which includes Slidell, Louisiana.

Also participating are the National Health Agencies and the International Service Agencies. Contributions from NSTL employees, which number a little more than 1,000, may be designated to any fund or charitable organization that they wish.

Jackson M. Balch, NSTL manager, is this year's drive

chairman. The several governmental and contractor organizations involved in environmental and natural resources management, and space research are participating in the NSTL drive.

The drive will last two weeks with employees setting their sights higher than the last year's achieved goal of \$35,000.

In the kickoff ceremonies, Balch addressed the drive workers and solicitors, and

employees, outlining the campaign organization and citing examples of how these many organizations are helping Coast residents and, more specifically, employees at NSTL. He also stressed that the NSTL campaign was set up where the individual could give to the fund or particular agency he pleased.

The crowning of this year's "Miss Torch" was also a highlight of the ceremony. "Miss Torch" symbolizes the

Governmental agencies participating from NSTL are NOAA, Department of the Interior (DOI), NASA, Environmental Protection Agency (EPA), U. S. Coast Guard and Department of Defense (DOD). Industrial contractors at NSTL participating are Global Associates, General Electric, Lockheed, Sperry, Wackenhet, and J. Wallace and Sons.

The 39th year of the New Orleans Philharmonic Symphony Orchestra will be marked by the largest number of concerts in this virtuoso organization's history, including a Youth Concert in Bay St. Louis November 21, and an adult concert February 27, both appearances under the auspices of the Bay-Waveland Altrusa Club.

This season the orchestra, under the direction of internationally acclaimed Werner Torkanowsky, will

present 130 performances in more than 30 cities in southern, eastern and mid-western states.

The Symphony's appearance in Bay Jr. High auditorium is the New Orleans orchestra's fourth concert in the Bay said Jeannette Monti, chairman of the committee arranging the two concerts.

The New Orleans orchestra has played in nearly every major city in the United States, and in 21 countries in South America, Central

America, the West Indies, and Mexico.

The 82 virtuoso musicians, only four of them born in New Orleans, are natives of six foreign countries and 30 of our 50 states. Most are members also of the New Orleans Opera Orchestra, many of them teach at local colleges and privately, and there is a number of smaller ensembles within the orchestra: at least two string quartets, a woodwind quintet, and a brass sextet.

Torkanowsky, now in his 12th year as New Orleans' conductor, has made a great hit in recent seasons as guest conductor of the Philadelphia Orchestra, Boston Symphony, Detroit Symphony, San Francisco Symphony, St. Louis Symphony, New York Philharmonic, and Los Angeles Philharmonic. Cincinnati welcomed him for the first time Winter 1969. For three weeks in October and November, 1968 and this year he was conductor of the Israel

Philharmonic in Jerusalem, Tel Aviv, and Haifa.

Announced as the recipient of a Ford Foundation grant of more than \$3 million, in addition to three grants from the Rockefeller Foundation for work in contemporary music, the New Orleans Philharmonic Symphony Orchestra can chalk up at least three distinguished firsts.

It was the first American orchestra to be sent on a State Department sponsored tour of Latin America in April, 1968.

It was the first southern orchestra ever to make a full scale invasion of the north; this in February, 1969.

It became the first southern symphony to tour deep into the heart of the mid-west in February, 1969.

On its Latin American tour, the group made a one-month junket by air which embraced islands in the Caribbean, dipped into South America as far as Lima, Peru, and was concluded in Mexico City.

Known for its youthful

vitality and popularity with young music fans, the New Orleans Orchestra's programs of the master composers - both ancient and recent - appeal to the widest of musical interests, said Jeannette Monti.

Reviving the New Orleans Orchestra's debut concert in Carnegie Hall, the New York TIMES wrote, "It is a good orchestra, a first class ensemble."

Facing skeletons - of children

In 1974, a year of soaring food and fertilizer prices as well as adverse weather conditions, the world has been forced to recognize the spectre of imminent famine in many developing countries.

For the first time in its history, the United Nations Children's Fund (UNICEF) has felt compelled to declare a World Child Emergency. In "normal" times civilization faces the challenge of 10 million children close to starvation; this year the number has risen to a chilling 400-500 million.

Every day famine pushes its path further around the equator. Last year it came to prominence after years of devastating drought in West Africa and Ethiopia. Already it is making its mark in India, and in such areas as Bangladesh, Bolivia, Central America and the Caribbean hunger is a way of life—but one that cannot last long.

UNICEF's emergency relief combines the efficiency of long experience and the urgency of this unprecedented crisis. It has been rushing high-protein food and intravenous rehydration fluids to children and mothers in drought-stricken West Africa and Ethiopia. UNICEF is also supplying well-drilling equipment to these areas to provide the desperately-needed clean water for drinking and sanitation. As part of longer-range emergency actions UNICEF will assist governments with nutrition policies and education, food production and the monitoring of the over-all child situation.

An estimated \$40 to \$50 million more a year will be needed for several years to help alleviate the problem. When Trick-or-Treaters come to your home collecting for UNICEF this Halloween, remember the spectre of children with no doors to knock on for their vital food. Remember there are now at least 40 times as many, and please give as proportionately as you can. Behind all the glitter of make-believe, real-life skeletons haunt our world.

Colling's Corner

By E.S. Colling

The recent slaughtering of several hundred calves as a protest by cattle growers against the prices they are getting for their livestock is not only a senseless and barbaric gesture, but is a sign of our times which should shock every thoughtful person. Nothing could emphasize more brutally the change which has come over our country in the past few years.

For one thing, Watergate and all of its dirty backwash culminating in the degrading of the Presidency and followed by the shock of the energy crisis, has proved that the "old" America is gone. For two centuries through bitter strife of arms and hard-fought battles of opinion we managed to keep the spirit of freedom alive and vigorous — because, no matter which side we were on in all our brawls and arguments, it was that spirit which motivated us. Like an old-time family we squabbled mightily among ourselves; but it was a wise outsider who

minded his own business and left America to work out her own destiny.

The change began with the creation of the United Nations. They were united, all right, in seeing that Uncle Sugar was taken for everything that was loose on the board. And as we became more and deeper involved in being the world's patsy, the same spirit spread to the minorities in our own land until it soon became hard to tell whether Dr. Ing or Mr. Ford was President, or whether Congress or the AFL was making the laws. This divisiveness has led, in turn, to the stronger nations of the world flexing their muscles and licking their chops in anticipation of carving a good meal out of the U.S. of A. The United Nations has succeeded beautifully in costing our citizens billions of dollars and in disuniting our country.

The Spirit of '76 is noticeably absent from some of our activities today. The token slaughter of the calves and the banding together of the cattle-growers is a minor example of it; the racial troubles in our schools is another. President Ford's advice for everyone to "bite the bullet" of hard times is largely ignored because, first, we'd rather leave it to the other fellow to ruin his teeth, and second, because few people believe it would do any good. In the Big Depression of the '30's people sold apples in the streets to make a couple of bucks to avoid starvation, but that was before Congress had kowtowed to the votes of the minority groups to provide welfare and medicare and food stamps to everyone who didn't want any part of "biting the bullet".

It was a penetrating question that Francis Scott Key asked long ago: "Oh, say, does that star-spangled banner yet wave over the land of the free and the home of the brave?" Free? Well, for the moment, Brave? Oh, let the other fellow do it.

Veterans Information

Q — With conditions as they were the past year, how many veterans were able to get GI home loans?

A — VA approved 306,200 loans in fiscal year 1974, which adds up to a good year, considering market conditions. In fact, with the exception of fiscal years '72 and '73, it was the best since the peak years of the mid-1950s.

Q — I keep hearing about "Vet-Rep" What is it?

A — A program the Veterans Administration has initiated to help veterans attending college. Specially-trained veterans representatives do this by answering questions and otherwise solving problems veterans may have.

BYGONE DAYS

5 YEARS AGO . . . Between 20 and 25 people attended the tax sales held in the front entrance lobby of the courthouse Monday. The sales were interrupted about 10:30 a.m. when a piece of the ceiling covering about 25 square feet dropped to the floor. Only one person was injured, suffering a minor cut.

10 YEARS AGO . . . Mississippi Test operation hit a new high in employment this week as it prepares to celebrate its third birthday Sunday.

25 YEARS AGO . . . Mayor Warren Carver called a mass meeting of all citizens of Bay St. Louis Friday night at the Bay High gymnasium. The mayor said the meeting was called for the purpose of opening for public discussion the matter of the dissension and disunity which exists within the Commission Council. Both members of the council were invited, but neither attended.

50 YEARS AGO . . . There will be quite an event in the city on Tuesday, October 28, when the Merchants Bank and Trust Company of Bay St. Louis will entertain at an "open house", marking the completion of the practically rebuilding of the interior of the bank building. This event is open to the public.

BY
Chester L. Curvey

In this day of conscientious objectors, objectors to an "unjust War" (commonly called draft dodgers) and deserters from an "Unjust War" and just plain cowards it might be well to review the "Pledge Of Allegiance" to our Flag.

I pledge allegiance to the flag of the United States Of America,

And to The Republic for which it stands;

One Nation under God, Indivisible, with liberty and justice for all.

The pledge could be explained as Red Skelton remembers a school teacher of his explaining it to him.

"Me—An individual, a committee of one.

"Pledge—dedicate all my worldly goods to give without self pity.

"Allegiance—my love and devotion.

"To the Flag—Our standard, Old Glory, a symbol of freedom; wherever she waves, there is respect because your loyalty has given her a dignity that shuns freedom is everybody's job.

"Of The United—that means that we have all come together.

"States—Individual communities that have united into 50 great states; 50 individual communities with pride and dignity and purpose, all divided with imaginary boundaries, yet united to a common purpose, and that's love of country.

"And to the Republic—a state in which sovereign power is in the invested in representatives chosen by the people to govern; and government is the people, and its from the people to the leaders, not from the leaders to the people.

"For which it stands—

"One Nation—The nation, meaning so blessed by God.

"Indivisible—incapable of being divided.

"With Liberty—which is freedom and the right of power to live one's life without threats, or fear of some sort of retaliation.

"And Justice—the principal or quality of dealing fairly with others.

"For All—which means, boys and girls, it's as much your country as it is mine.

I took the liberty of changing the number of the states to fifty in writing this speech of Mr. Lasswell's.

THE ORIGIN OF THE FLAG

The St. George Cross was the first English flag used in North America. It was flown by John Cabot in 1497 under the reign of King Henry VII.

In 1620, when the Mayflower landed in America, a new flag was used for the colonies. King James I took the Cross Of St. George and superimposed it onto the Scottish flag of St. Andrew and called it the Kings Colors.

In 1707 Queen Anne adopted a new flag for England and her colonies. The Kings Colors were placed on a field of red. This was called the British Red Ensign or the Cromwell Flag.

During the Revolutionary War the colonists began unfurling new flags; among them was the popular Continental Flag. It replaced the Kings Colors with a Pine Tree, symbolic of the New England way of life. Many historians believe this banner was flown during the famous battle of Bunker Hill.

In 1775 the colonies launched some floating batteries in the New England area. These vessels were put into service against the British shore defenses. The flag flown on these ships was the famous Massachusetts Colony Flag or Pine Tree Flag.

The Southern Colonial States played an equally important part in writing our flag history. Colonel Gadsden of South Carolina designed the Snake Flag or Gadsden Flag as an answer to the British. It is said the inscription on the flag was a warning—meaning it was as dangerous to tread on the colonies as it would be to step on an American rattlesnake.

In 1776 the colonies adopted the 13 stripes representing the 13 colonies and kept the King's Colors in the Canton, illustrating their allegiance to England, but their willingness to fight for their rights and justice. This flag was raised at Cambridge by General Washington and was called the Grand Union Flag or Cambridge Flag.

The original Betsy Ross Flag was officially adopted by an Act Of Congress on June 14, 1777. It is generally believed that General Washington was instrumental in designing the Betsy Ross Flag.

Shortly before the War of 1812 two new states were added to the Union and the flag was changed from 13 to 15 Stars and Stripes. This Star Spangled Banner was the inspiration for Francis Scott Key to write our National Anthem.

As the United States expanded and more states entered the Union, it became necessary to adopt a practical design to represent each new state. April 4, 1818, Congress passed legislation establishing the number of stripes at seven red and six white and an additional star for every new state joining the Union.

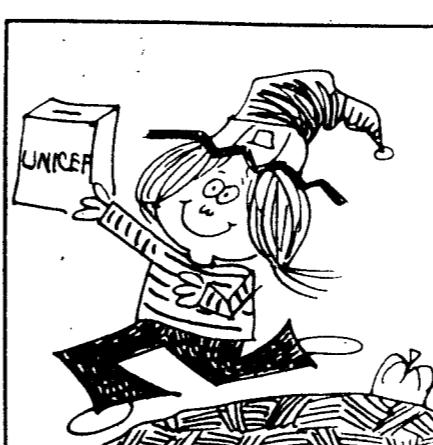

"Well, James, Maybe ABC will hire you as a sports announcer."

Our Readers Write

To the most Honorable Mayor Warren Carver and all the distinguished officers and agencies of the law in Bay St. Louis, Waveland and the surrounding cities.

I take this means of extending my thanks and gratitude for your excellence in providing shelter for us on Saturday, Sept. 7 during the storm and the anticipated hurricane Carmen. We were fully protected from all hurt, harm and danger. I do thank you.

To the officials and personnel of the Senior Citizens Center where I spent the

entire night. I do thank you. I never saw a program more beautiful than the way you cared for us. Your excellence, your uniqueness made me forget the anticipated hurricane. The good meals, coffee, sandwiches, potato salad, potato chips, etc., cots on which to sleep made us so happy and appreciative. Thanks to the Red Cross and all concerned.

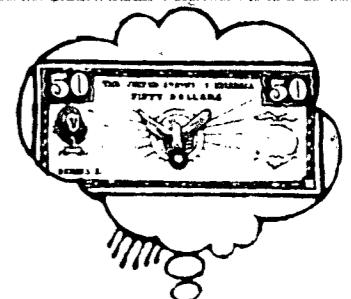

The Senior Citizens officials transferred me from my home Saturday and transferred me back home Sunday. Thanks to the personnel that drove the bus and car.

I thank my friends for their courtesy during the day before arriving at the Senior Citizens Center. I have been in your city for several years and I have not made myself nor my qualifications publicly known, because of a serious eye condition. My eyes are better now, praise be. I am the sister-in-law and sister of the late Rev. and Mrs. H.H. Lowe, 254 Sycamore St., Bay St. Louis.

I shall be pleased to have the friends of the late Rev. and Mrs. Lowe, as well as my friends to visit with me.

Thank you,
Sincerely,
Allie O. Martin

United Nations Children's Fund HALLOWEEN CAMPAIGN

Pennies, nickels, dimes and quarters — they all added up to more than \$8 million last year when young Trick or Treaters collected coins for UNICEF in neighborhoods throughout the United States. These contributions helped provide food, medicine and educational assistance for millions of youngsters in developing nations. Even more is needed this year when up to 500 million children are threatened with severe malnutrition and even starvation by the world's economic crisis.

Lucus look out!

Tired of the high cost of eating? Bored with the menu routine?

Wish your husband would call an extra anniversary date?

Like to eat dinner and see a lot of people that you don't often?

The booths for the Bazaar will open at 10 a.m. in Johnson Hall and will offer a panorama of goodies and gifts. Toys, handcrafts, jellies and jams, sweets, and the famous "White Elephants" for your viewing.

The EYC (Episcopal Young Churchmen) will also offer a Grab Bag Booth in addition to being the basebore of the Bazaar; they set up the dining hall and do all the clean-up after the onslaught.

Spanish streaker leads 3-hour chase

A naked Spaniard may have set a record for streaking by eluding police during a three-hour chase until he collapsed exhausted in the garden of a villa in Santander on the north coast of Spain.

Police first spotted him walking nude along a street. Twice he swam across a bay, leaving more than a dozen police running along the sand in an attempt to cut him off.

Cast announced for season comedy

Mary Carter, veteran director of the Bay St. Louis Little Theater, has announced her cast for the final theater presentation for the 1974 season.

The cast of eight will be participating in an innovative presentation of three episodes from the television series of "Ethel and Albert" by Peg Lynch.

Appearing in the first episode, "What's that Tune?" will be John and Alice Holmes as Ethel and Albert Arbuckle.

Mr. and Mrs. Holmes, parents of three active theatre children, have lent their talents of production organization behind stage for the last several shows and will now be making their stage debut.

Supporting the Holmes will be Vic Frankiewicz Sr.

Giving Ethel and Albert new faces for the second episode will be Karen Smith and Al Carlson. Mrs. Smith, sure to be remembered for her fine performance as the blind heroine in "Wait until Dark", has also appeared in "Anastasia" and "General Seeger", as well as doing beautiful set designs for the theatre.

Al Carlson Starring as Albert number 2 was a Louie Award winner for his performance in "Cactus Flower" and has also appeared in "Music Man", "South Pacific" and "Don't Drink the Water".

And last, but definitely not least, starring as Ethel and Albert Arbuckle number three in "Just a Little Something for Christmas" will be Ed Craig and Frances Frankiewicz, a pair of veterans with credits too numerous to mention.

He delivered his noteworthy tips on Halloween safety to students at Pass Christian Elementary School Oct. 16.

Johnson suggested that parents inspect all treats brought home, and to throw away any unwrapped candy.

He said that any strange objects found in the candy should be reported to the police or sheriff's office.

Captain Johnson also advised the children to Trick or Treat in a group and to stay in their own neighborhood. He also told them that they should not eat any of the candy until they get home.

Finally, parents are advised to make sure their children have proper adult supervision for the evening.

Mark your calendar for

November 14, 15 or 16th to see the "Ethel and Albert" comedies and bring the entire

family. Curtain time is 8:15 p.m. at the red barn on Boardman Avenue.

Pony Club offers something new

Something new and different for young Gulf Coast riders is being offered by the Gold Coast Pony Club as a Halloween diversion.

Young riders 18 and under are invited to participate in a Halloween Gymkhana Friday, November 1 starting at 6 p.m. at the Hancock County Fairground in Bay St. Louis. Ten events are scheduled with prizes for each.

Not a show, a gymkhana is an athletic game event, designed for the enjoyment and exercise of the participants. Games familiar to all youngsters such as egg and spoon race, sack race and a musical race are played, except in this case they're played on horseback.

Any rider, regardless of his ability or form may participate and on any kind of mount, as long as it's a horse or pony. Confirmation of the mount or rider's form will not be a consideration for winning, only the riders' enthusiasm is the key to winning a prize.

Youthful Western riders will have a decided advantage over the Pony Club members, just used to English riding, in the barrel races, pole bending, musical mounting (where speed counts most) and the potato picking scramble.

Keesler Band opens special series at SJHS

Music filled the Gym of St. John High Tuesday as its entire student body was introduced to a rich and varied program by the Keesler Band under the baton of Master Sergeant Trease. This professional group is made up of 24 members which brings musical entertainment to hundreds up and down the Gulf Coast.

The Keesler Air Force Band was introduced by Mr. Charles Lembricht, chairman of the special assemblies programs at St. John. The concert ended at 11:05 a.m. Next event scheduled by the Special Assembly Series will be the Keesler Male Chorus. They will make their first appearance at SJHS November 13 at 2:10 p.m. The public is invited to this concert.

...for entering the Pony Club Halloween gymkhana Nov. 1, Katie Strickland asks her mother, Alina, who was stumped for an answer. Rules for entering the fun event open to all area riders say only "18 years old and under", but not how far under. Seventeen-month-old Katie is perfectly at home on Debonair Dial, her Mom and Dad's two-year-old show gelding but she has trouble seeing under her dad's hat.

Style show Tuesday is United Way benefit

Plans have been finalized for a gala evening of fashions and entertainment to be presented as a United Way benefit Tuesday night in Bay St. Louis.

To be held at Sy Rosenthal gym at St. Augustine Seminary, starting at 7:30 p.m., the fashion show is sponsored by the Corner

Boutique and the Little Mushroom, specialty shops in Bay St. Louis.

Local models will show tots, children's and ladies' fashions and turn of the century styles. A musical program, free refreshments and an open bar will be special highlights of the affair.

Try a little Mark Twain and champagne

An Evening with Mark Twain, a two-act dramatic monologue scheduled for the evening of November 2, at 8 p.m., at the Bay St. Louis Little Theatre on Boardman Avenue can prove a lifesaver for the theatre.

It is a victim of inflation as are so many of the media dealing with the arts. The long-time Bay institution needs an extra boost just now, and is asking for help by means of an extra program that promises to be a fun evening.

J. D. Drake will present an evening of the wit and wisdom of America's great author, to be followed by a supper of champagne and sandwiches on stage.

Price for the gala evening is \$5 per person. Tickets may be obtained from any theatre board member, or by calling Mrs. Pete Chapman at 467-4051, or Mrs. Joe Marochino at 467-7227. Mrs. Chapman and Mrs. Marochino will deliver tickets ordered by telephone.

Homecoming 1974 - St. John High School

The whole week of homecoming was filled with various activities. Cheerleaders sponsored a number of activities such as a player appreciation day, Mr. Legs contest, 50's Day, a Famous People Dress-up Day and a judging of the dress-up, blue-white day, and decorating the class sections of the gym at break.

Mathilde were Jay Romano and Joanie Romano, the twins of Mr. and Mrs. Joseph Romano.

The homecoming activities concluded at the Knights of Columbus Hall in Gulfport as the sophomore class sponsored a buffet dinner and dance with the theme "Happiness is Togetherness".

Winners of the Mr. Legs contest for the Junior High was Wes Capdepon and for the Senior High was Frank Lindsey. The winners of the famous people dress-up was Missy Tillman and Suzanne Tillman who came as Raggedy Ann and Andy.

The court and their escorts

were presented and danced

the first dance to a version of

James Taylor's "Fire and Rain". The dance and buffet which started at 11 p.m. ended at 1:30 p.m. Many faculty and alumni were present to enjoy the football game and the activities that continued through the evening.

Bill Herbert, Sister James, and Miss Karen Grigsby should be commended for their hard work and planning of the 1974 Homecoming which was a huge success.

same group. That's what one could call real neighbors!

So glad to welcome Tom and Pat Shelton back from an extended stay in California where Pat visited with her ailing mother. Now their daughter and her children are in from Illinois for a short visit.

This is such a must for we do need a fire truck and building!

All year long this active group plans and executes exciting

events to further this project.

We mourn the loss of our fellow garden club member Mrs. Charles Cantrell who had been ailing for some time. We also extend deepest sympathy to Dr. Burman on the loss of his wife, and we know that all at Kona Village will also feel this loss.

What a beautiful view Dr.

Jack Diamond and his family will have in their nearly completed home here when they move in from the Slidell area.

Attending the recent Property Owner's meeting were Mr. and Mrs. Jim Hoskins who are building and moving in from Illinois, Milton and Mary Haggard from Jackson, Miss. settling down in their new home, and Captain and Mrs. Peterson

taking over and renovating the former Hobson home.

By the way, when you see Kay Gex dashing to the stable every spare minute it's to check her new love, her beautiful Lady L. Maria. Can we expect ribbons from you too, Kay?

The Club provided a festive background for the Bay-Waveland hosted Junior Auxiliary regional convention this past Tuesday.

See you again in two weeks.

So much going on at Holiday Village here in Diamondhead!

The first Garden of the Month plaque sponsored by the Garden Club goes to Mrs. Lee Lewko for beautiful efforts at her home in the Village. Lots of love and hard work goes into that yard.

Just recently a get acquainted covered dish party was held in the Village at poolside under Lee's guidance and November 2 she will entertain with a wine tasting

Coast Episcopal High Homecoming

Coast Episcopal High School Homecoming activities last weekend started with pre-game events announced by Tammy Thompson.

The Raiderettes and the drill team, Coast Kittens and Junior and Senior High cheerleaders were introduced to the crowd attending the afternoon game between the Red Raiders and Kehoe Academy Shamrocks from New Orleans.

Pre-game entertainment was provided by the Raiderettes and the drill team. Rev. H. McDonald Morse, pastor of Trinity Episcopal Church, Pass Christian, gave the invocation.

Cathy Wood announced the half-time activities which began with the presentation of Miss Charlotte Jones, freshman maid, escorted by her father, C. Randall Jones. She wore a maroon corduroy suit with an off-white blouse accented by a gold necklace.

Miss Anne Johnson, sophomore maid, followed, attired in a light blue corduroy suit with a multi-colored nylon blouse. Escorting her was her father, Rev. Charles R. Johnson.

Next presented was Miss Jeannie McClendon, junior maid, escorted by her father, Arvah McClendon. She wore a

black floral-printed skirt with a soft, flowing, cream colored blouse with a bow on the collar.

Miss Amy Daniel, senior maid, escorted by her father Victor J. Daniel, followed. She wore a red skirt with a jersey print blouse highlighted by a black velvet blazer.

Mrs. June B. Coffey, principal, crowned the Queen and football co-captains Milan

Winnard and Joe Doussan presented her with a bouquet. The cheerleaders presented the maids' corsages.

Coast Episcopal was the loser in the game with Kehoe.

A Homecoming Dance starting at 8 o'clock Saturday night in the school's student lounge capped the eventful Homecoming, 1974.

Tigers score second victory

by Edward Favre

The Bay High Tigers picked up their second win of the season Friday night as the Tigers rolled past the Pearl River Central Wildcats 33-22 at Carreras.

Tiger quarterback Mike Magee had a big night completing 13 of 20 passes for 217 yards and two touchdowns. Magee passed to tight end Vernon Powell for 10 yards and the first Tiger touchdown at Carreras.

The extra point attempt was no good.

Chris Johnson carried the ball from three yards out later in the first quarter, and Magee passed to Arnold Fair, connetue for the two point conversion giving the Tigers a 14-0 lead.

Pearl River got on the scoreboard when Mark Edwards intercepted a lateral and went 30 yards for the score. Bill Smith carried the ball for the two point conversion making the score 14-8.

Fairnet was on the receiving end of a 31-yard Magee pass, in the second quarter for a TD. The extra point attempt from placement by Magee was good.

Mark Thomas scored from five yards out and the extra point attempt from placement failed giving the Tigers a 27-8 lead.

Quarterback Bill Ginn handed off the Chris Johnson in the fourth quarter and Johnson carried the ball for the TD. The extra point attempt failed.

James Smith and Bill Smith of Pearl River scored the other two touchdowns for Pearl River. A two point conversion was good after one of the TD's making the final score 33-22 in favor of Bay High.

The Tigers are now 2-4-0 for the season and will travel across town this week to play rival St. Stanislaus.

Rock-A-Chaws celebrate

14-13 homecoming win

by Edward Favre

The St. Stanislaus Rock-A-Chaws celebrated homecoming last Friday night at Stanislaus Stadium on a winning note, defeating the St. Martin Yellow Jackets 14-13 in a Pascagoula River Conference football game. The win evened the Rock's season record at 3-3-0.

With less than two minutes gone in the first quarter, Stanislaus quarterback Art Scafide scored for the Rocks on a 16-yard quarterback keeper climaxing a 67-yard drive which took just five plays. The two point conversion attempt was no good and Stanislaus led 6-0 at the end of the first quarter.

With 4:36 to go in the second quarter St. Martin running back Mike Cartrette carried the ball into the end zone for a touchdown from three yards out after St. Martin recovered the Rocks 23 yard line to set up the scoring drive. Larry Gornilla kicked the extra point to give St. Martin a 7-6 lead.

The Yellow Jackets came back in the fourth quarter when Cartrette ran 40 yards for a touchdown. The two point conversion by Cartrette was no good making the score 14-13. The Rocks' one point lead faded as the clock wound down. St. Stanislaus threatened in the last two minutes of the game, driving down to the St. Martin three yard line where they were stopped by the Yellow Jackets. The drive started when David Depre recovered a St. Martin fumble.

This week Stanislaus will play host to cross town rival Bay High at 7:30 p.m. at Stanislaus Stadium.

Registration Nov. 1-2 for city basketball

Boys aged eight to 16 years old are eligible to participate in the city league, who are not now playing with any Junior or Senior High School team.

Farve said that conference rules prohibit any boy playing on conference teams while playing with an independent team also.

The League is open to all boys in the area, Farve said and urged any youth interested in the program to register Friday or Saturday.

Last year's league fielded eight teams.

Farve said that the only information that boys must give for registration purposes is name, address and phone number.

Over Ole Miss

Vandy expected to triumph

UNIVERSITY, Miss., For the first time in at least two decades, Ole Miss will not be favored against Vanderbilt when the Rebels and Commodores collide Saturday in Nashville.

And for the first time since 1951, when former Vanderbilt coach Bill Edwards guided his team to a 34-20 comeback triumph, Ole Miss figures to lose a football game to Vandy.

At least, on the basis of comparative records and the

string of three consecutive reversals for the Rebels, that's how the experts are figuring the outcome of the Commodore Homecoming game.

Not one of the present-day members of the Rebel and Commodore squads had been born when Vandy erupted for 27 final-quarter points that warm 1951 (Oct. 13) afternoon in old Crump Stadium in Memphis.

Despite fumbling away a pair of certain touchdowns, the Rebels had built a 20-7 lead into the fateful 15 minutes. But they couldn't hold on against Bill Wade and his mates.

Since, in 19 games, the

Commodores have managed a pair of ties—by 21-21 in 1952 during an 8-0 Ole Miss campaign, and in the 7-7 dogfight of 1974.

The Rebels won 10 games from 1953-63 and have posted seven straight since 1965.

But this year's Commodore team is the best machine Vanderbilt has fielded in many a season. Fact of the matter, the Commodores are leading the Southeastern Conference in total offense with 262 yards a game. By way of contrast, Ole Miss is last with a game average of 249 yards.

Admission to the events will be \$2.50 for adults and \$1.25 for children 12 years and under. Cash prizes will be awarded to winners in each event.

All rodeo stock is being provided by the L&K Rodeo Company of Poplarville, Miss.

land and 80 yards by air.

Defensively, the Commodores are fifth in SEC total defense with yield of 305.6 yards and the Rebels are eighth with 353.2 yards.

Results posted over the last two weekends against Georgia should serve as an accurate barometer. The Bulldogs pounded the Rebels 49-0 on Oct. 12 while last weekend against Vandy they had to rally to break a 31-31 deadlock for a 38-31 homecoming decision, scoring inside the final minute. Georgia had built a 31-14 lead ahead of Vandy's last period upsurge.

Both games were played in Athens.

To compare statistically Georgia collected 363 yards rushing and 147 with passes for 510 in total offense against Vandy. Against the Rebels, the totals were 281 infantry yards and 255 with passes for 536 in total offense.

The major variation dealt with Ole Miss and Vanderbilt offenses. Where the Rebels collected 228 by land and 90 by air, the Commodores notched 109 rushing but a league high of 309 by throwing.

The consensus is that while the two teams are relatively even on defense, with neither unit outstanding, the Commodores are far more effective and versatile on offense.

Ole Miss is 2-4 in the season, losing here last Saturday to

South Carolina, 10-7 in the Gamecock's first win in six outings. The Rebel record in SEC results is 0-2.

Vanderbilt is 3-2 after five games, a 1-2 inside the SEC, with its lone league decision a 24-14 upset of previously unbeaten Florida.

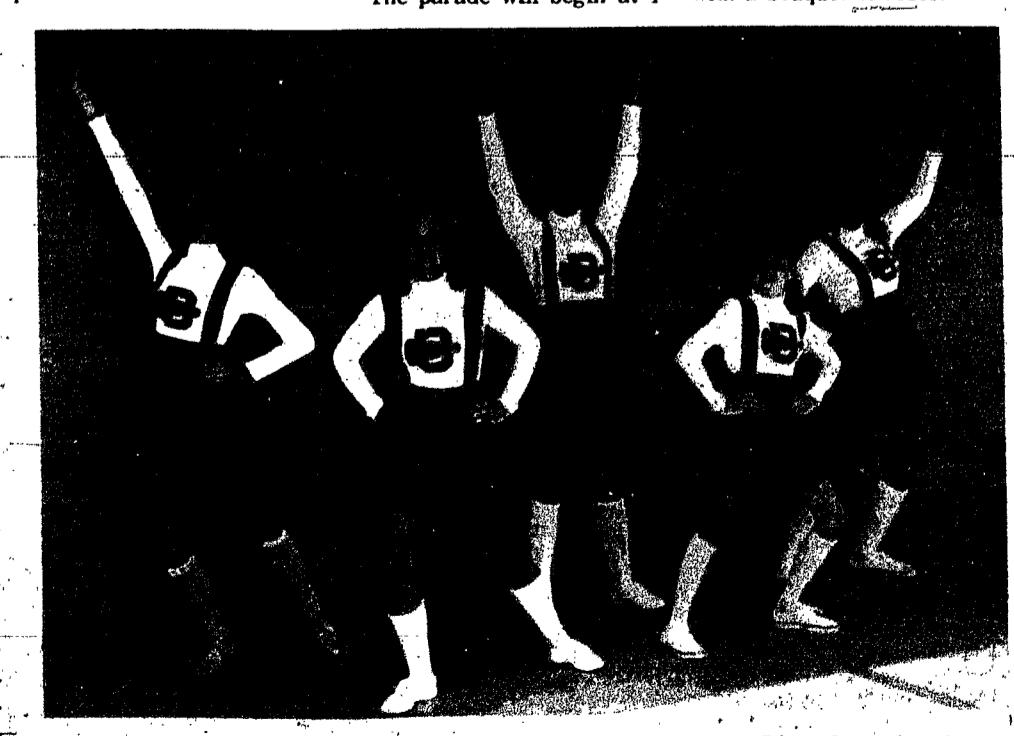

The starting hour for Saturday's scrap in Nashville, where the Commodores last won in 1950 (20-14), is 1:30 p.m.

The parade will begin at

5 p.m. from the school and proceed along Lakeshore Road to the beach, turning left onto Clermont Blvd. across the railroad to Lower Bay Road and returning to the school.

Court maids are Daphne Barrios, eighth grade; Tracy Garcia, seventh grade; Jeanne Hoselle, sixth grade; Rachel Schmitt, fifth grade.

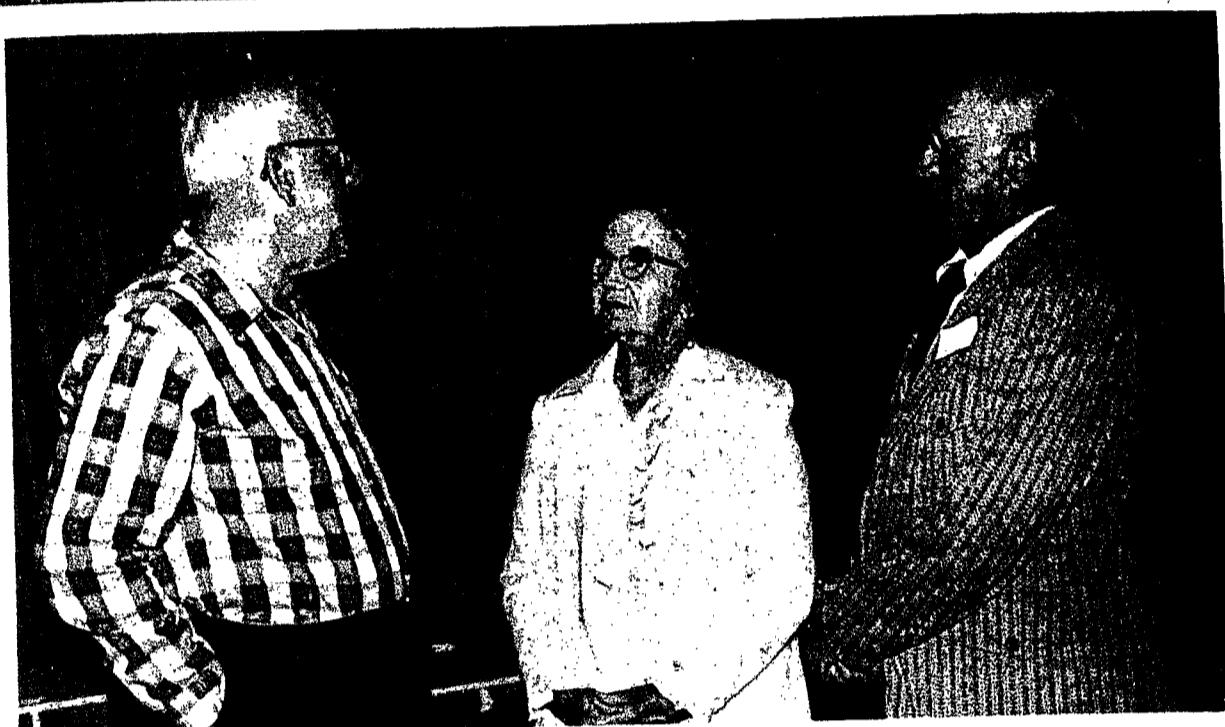

Past queen Josie Koerner will crown Miss Bradbury. Gulfview principal J. D. Penton will present the queen with a bouquet of roses.

GULFVIEW SCHOOL cheerleaders for the 1974-75 season are, from left to right, Judy Garcia, Karen Bernos, Daphne Barrios, head cheerleader; Kathy Patterson and Rhonda Ladner.

Homecoming Festivities

Numerous alumni gathered on the Stanislaus campus for Homecoming, among them Rev. Daniel Cobb '33, speaking to Mr. and Mrs. Alden Mauffray '24.

Rebel cagers open practice

UNIVERSITY, Miss., Ole Miss basketball coach Robert "Cob" Jarvis has issued an early nod of approval after the Rebels opening week of pre-season practice.

Jarvis, entering his seventh season as the Rebel cage boss, has only five lettermen back from his 1974 squad that finished 15-10, the best finish ever for a Jarvis-coached unit.

Last winter's worksheet marked the third consecutive winning campaign for the Rebels, a happening which occurred most recently in 1936-37-38 under George "Doc" Bohler.

A tie for fourth place in the Southeastern Conference a year ago was the highest finish since 1960.

But with five lettermen gone off last year's squad, three who were three-season standouts, Jarvis and

newcomers in camp are forwards Harvey Murray, 6-5 and Herb Wright, 6-4, a pair of junior college transfers and freshman Joe Kyles, 6-2 and Randy Burden, 6-2 at guards and George Gillom, 6-4 at

center.

Moving up from the fresh-

man ranks of a year ago are 6-10 center Mike Kirk and 6-1 guard Jim Varner.

"I am well pleased with the

newcomers in camp," said Jarvis. "We will have to play aggressive and determined basketball to make up for our height deficiency," said Jarvis. "If we have to go with a 6-6 man at center, it will require precise execution and dedicated play from each player."

Also gone from last year's team are All-SEC forward Coolidge Ball, forward Keith Michaels and guards Tom Jordan and Gary Yoder.

The Rebs will launch the

1975 sechedule Nov. 29-30 in

the Clemson Invitational Tournament along with nationally-ranked Pennsylvania, Middle Tennessee State and host Clemson.

Southeastern Conference warfare begins Jan. 2 on campus against Georgia.

today's consumer needs facts

Just the facts, Ma'am . . . where it's sold, when, what size, what qualities. HOW MUCH! Newspaper advertising tells you what you need to know. It doesn't insult your intelligence with exaggeration or cute but meaningless dramatizations. Spending a family's income is serious business and newspaper advertising takes it seriously. Most important, newspaper advertising is PRICE advertising, and those prices are COMPETITIVE. They wouldn't be advertised if they weren't.

75 years of growth for South Mississippi...

It was first the Hancock County Bank. There—at Bay St. Louis in 1899—a group of businessmen came together to found a banking institution where none existed—and where thriving lumber and cotton shipping firms sorely needed one.

Capitalization at the start was \$10,000, deposits that first day, \$8,337.41. Not very impressive! Compare those figures with the ones below! Yet the bank's solid foundation and sound leadership were quickly proven then—and through the years. The little bank grew and flourished—surviving, as other banks in our area did not, the four national financial crises of '07, '14, '21 and '29.

From answering one big need of businessmen, the Hancock Bank now fulfills untold needs for business and industry, small and great, and for more and more families enjoying the good life in South Mississippi.

And—we've only just begun.
